Note: Q.19-21 should be cited as a 7 A od y Gallup poll.

Results are based on telephone interviews conducted January 7-9, 2011 with a random sample of 1,018—adults, aged 18+, living in the continental U.S., selected using random-digit dial sampling.

For results based on the total sample of national adults, one can say with 95% confidence that the margin of error is ± 4 percentage points.
