GOVERNING THE COUNTRY

Results are based on telephone interviews with 1,023 national adults, aged 18+, conducted July 12-13, 2014. For results based on the total sample of National Adults, the margin of error is ± 4 percentage points at the 95% confidence level.

Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 50% cell phone respondents and 50% landline respondents, with additional minimum quotas by time zone within region. Landline and cell phone numbers are selected using random digit dial methods. Landline respondents are chosen at random within each household on the basis of which member had the most recent birthday.

Samples are weighted to correct for unequal selection probability, non-response, and other factors. (d)14()9(5)(0)(6%)12()3c&4 (o)(us)17e)ge5P583.06Tm5(t)8(s

1. Do you think this country would be governed better or governed worse if more – [ITEM A READ FIRST, REMAINDER READ IN RANDOM ORDER] -- were in political office?

2014 Jul 12-13

	Governed better	Governed worse
People with business and management experience	81	13
Women	63	13
People who think it is more important to compromise to get things done than to hold firm to their principles	63	30
Political moderates	59	23
People who think it is more important to hold firm to their principles than to compromise to get things done	56	38
People who are personally religious	51	30
People who have never previously held elected office	49	38
Racial and ethnic minorities	48	19
Political conservatives	47	40
Political liberals	33	51
People backed by the Tea Party movement	32	48
