Princeton Job #: 14-09-011

Jeff Jones, Lydia Saad  
September 25-30, 2014

---

Results are based on telephone interviews conducted September 25-30, 2014 with a random sample of  $-1,252$ —adults, aged 18+, living in all 50 U.S. states and the District of Columbia. For results based on this sample of national adults, the margin of sampling error is  $\pm 4$  percentage points at the 95% confidence level.

For results based on the sample of  $-632$ —national adults in Form A, the margin of sampling error is  $\pm 5$  percentage points.

For results based on the sample of  $-620$ —national adults in Form B, the margins of sampling error is  $\pm 5$  percentage points.

For results based on the sample of  $-1,095$ —registered voters, the margin of sampling error is  $\pm 4$  percentage points.

For results based on the sample of  $-637$ —men, the margin of sampling error is  $\pm 5$  percentage points.

For results based on the sample of  $-615$ —women, the margin of sampling error is  $\pm 5$  percentage points.

For results based on the sample of  $-233$ —women employed full- or part-time, the margin of sampling error is  $\pm 8$  percentage points.

Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 50% cell phone respondents and 50% landline respondents, with additional minimum quotas by region. Landline and cell phone telephone numbers are selected using random digit dial methods. Landline respondents are chosen at random within each household on the basis of which member had the most recent birthday.

Samples are weighted to correct for unequal selection probability, non-response, and double coverage of landline and cell users in the two sampling frames. They are also weighted to match the national demographics of gender, age, race, Hispanic ethnicity, education, region, population density, and phone status (cell phone-only/landline only/both and

6. If the elections for Congress were being held today, which party's candidate would you vote for in your Congressional district -- [ROTATE: the Democratic Party's candidate or the Republican Party's candidate]?
- 6A. As of today, do you lean more toward -- [ROTATE: the Democratic Party's candidate or the Republican Party's candidate]?
