Results for the survey items are based on self-administered web surveys with a random sample of U.S. adults, aged 18 and older, who are members of the Gallup Panel™. Gallup uses probability-based, random sampling methods to recruit its Panel members.

Interviewing took place between March 27-29, 2020, and included 2,908 Gallup Panel members.

Gallup weighted the obtained samples to correct for nonresponse. Nonresponse adjustments were made by adjusting
